## Section B: Household roster

**Interviewer instruction:** Listed below are people who lived in this household for at least 4 days a week or stayed at an institution at the time that the household was last interviewed. Ask the respondent to list the names of all the people who have been part of the household for at least 15 days in the last 12 months. If the person is already listed, do not add them again.

- Use first names only
- Don't forget babies
- Live-in domestic workers and lodgers are separate households: a separate household questionnaire should be completed for them.

**Interviewer read out:** Please list all the people who have lived under this "roof" or within the same compound/homestead/stand at least 15 days during the last 12 months as part of the family. Please do not forget to add babies. We will deal with people who don't live here anymore at a later stage.

**Interviewer instruction:** For each of the people listed on the roster ask the following questions. (Move across not down, complete each person before moving to the next person)
